Combined meeting with

FPM
FACULTY OF PAIN MEDICINE
ANZCA

This one day meeting precedes the Australian Pain Society's 34th Annual Scientific Meeting and is aimed at anyone with an interest in acute pain management. Our focus is to emphasise the role of the acute pain service from the bedside management of difficult patients through to discharge and even beyond.

TOPICS WILL INCLUDE

- Best peri-operative management of patient undergoing limb amputation
- Discharge medication strategies for routine and complicated acute patients
- Real time monitoring of opioid prescribing in the community
- Role of acute pain discharge clinics
- Management of acute pain patients whose path follows an aberrant course

CPD
points
6 hours

Everyone who has a role in an acute pain service would benefit from attending this one day workshop.
