

11th International Conference on Frontotemporal Dementias
 11 - 14 November 2018 | International Convention Centre | Sydney, Australia

SUNDAY 11 NOVEMBER 2018			
0900 - 1230	WORKSHOPS AM		
0900 - 1230	DIAGNOSIS AND BEHAVIOURAL INTERVENTION IN PPA	0900 - 1230	NEUROIMAGING BIOMARKERS IN FTD
	<p>PPA: Diagnostic Assessment and Pitfalls Dr Chris Hardy, <i>Dementia Research Centre, University College London, United Kingdom</i></p>		<p>Applications of resting-state connectivity to neurodegenerative disease Dr Marion Sourty and Dr Daniel Roquet <i>The University of Sydney, Sydney, Australia</i></p>
	<p>Retraining speech production and fluency in nonfluent/agrammatic PPA Dr Maya Henry, <i>Department of Communication Sciences and Disorders, University of Texas, USA</i></p>		<p>Neuropsychiatric symptoms in FTD: the missing link? Dr Yolande Pijnenburg, <i>Alzheimer Center Amsterdam, Amsterdam University Medical Center, Amsterdam Neuroscience, Amsterdam, The Netherlands</i></p>
	<p>Innovations in Group Theory for PPA:</p> <p>Lexical retrieval therapy within the group format Dr Regina Jokel, <i>Rotman Research Institute and University of Toronto, Canada</i></p> <p>Psychosocial support for individuals with PPA and their partners Ffion Walker, <i>Carrington Health, Australia</i></p>		<p>Multimodal imaging-based applications to neurodegeneration: from the scanner to the clinics Dr Lucas Sedeno <i>Instituto de Neurologica Cognitiva (INECO), Buenos Aires, Argentina</i></p>
	<p>Communication partner training in PPA Anna Volkmer, <i>Psychology and Language Sciences, University College London, United Kingdom</i></p>		<p>Uncovering the relations between pathology and neurodegeneration in FTD Dr Cristian Leyton <i>Massachusetts General Hospital and Harvard Medical School</i></p>

11th International Conference on Frontotemporal Dementias
 11 - 14 November 2018 | International Convention Centre | Sydney, Australia

1300 - 1600		WORKSHOPS PM	
1300 - 1600	GENETICS AND BIOMARKERS IN FTD	1300 - 1600	CHANGING OUR RESPONSE TO CHANGED BEHAVIOUR IN FTD SYNDROMES
	<p>Confirmed Topics:</p> <ul style="list-style-type: none"> • Considerations for genomics study design • Overview of FTD genetics and approaches for finding disease-causing and disease susceptibility variants • Genetic enrichment strategies in studies of FTD • Omics approaches in FTD • Physiological biomarkers in FTD • Exploring lipid biomolecules to develop biomarkers for FTD • Translating biomarkers into the clinical space 		<p>Confirmed Topics:</p> <ul style="list-style-type: none"> • Brain /behaviour links based on latest functional imaging and social cognition studies in FTD • Case study presentations based on real individuals with various FTD symptoms and how their families and care teams were able to respond with positive outcomes • Strategies for engaging people with FTD • Overview of relevant support services • Appropriate use of medication in FTD • New symptom management interventions based on latest FTD research
	<p>Confirmed Speakers:</p> <p>Dr Rebekah Ahmed, <i>University of Sydney, Australia</i></p> <p>Prof Adam Boxer, <i>University of California, USA</i></p> <p>Dr Raffaele Ferrari, <i>University College Genomics, London, United Kingdom</i></p> <p>Associate Professor Woojin Scott Kim, <i>University of Sydney, Australia</i></p> <p>Dr Mark Kristiansen, <i>University of College London Genomics, London, United Kingdom</i></p> <p>Dr Claudia Manzoni, <i>University of Reading, United Kingdom</i></p> <p>Dr Jennifer Yokoyama, <i>University of California San Francisco, USA</i></p>		<p>Confirmed Speakers:</p> <p>Ms Melissa Kettle, <i>Eastern Cognitive Disorders Clinic, Australia</i></p> <p>Dr Melissa Abela, <i>Dementia Support Australia</i></p> <p>Mr Adrian Vernon, <i>Dementia Support Australia</i></p> <p>Dr Sally Day, <i>University of Sydney, Australia</i></p>
1500 - 1730	REGISTRATIONS OPEN ICC, Sydney		
1700 - 1830	WELCOME RECEPTION National Maritime Museum Sydney		

11th International Conference on Frontotemporal Dementias
11 - 14 November 2018 | International Convention Centre | Sydney, Australia

MONDAY 12 NOVEMBER 2018			
0730 - 0830	CONFERENCE REGISTRATION		
0830 - 0845	Welcome to ICFTD 2018 - Pyrmont Theatre Welcome to Country - Chairperson: Professor Olivier Piguet		
0845 - 1015	PLENARY SESSION 1 Improving Diagnostic Accuracy in FTD - Chairperson Professor Olivier Piguet		
0845	The big questions in Frontotemporal dementia: Two down and one to go. Professor John Hodges, Professor of Cognitive Neurology, University of Sydney, Australia		
0915	Oral Presentations - Chairperson : Dr Charles Marshall		
0915	The Multidomain Impairment Rating (MIR) Scale: Initial Reliability Data On A Multidimensional Scale Designed For FTLD Spectrum Disorders <i>Professor Brad Boeve</i>		
0930	Characteristics And Progress On 349 Subjects In The Longitudinal Evaluation Of Familial Frontotemporal Dementia Subjects (LEFFTDS) Protocol <i>Dr Leah Forsberg</i>		
0945	The NIH-Examiner Detects Cognitive Changes In Asymptomatic And Mildly Symptomatic Familial Frontotemporal Dementia <i>Dr Adam Staffaroni</i>		
1000	Individualized Atrophy Based Prediction Of Dementia Onset In Familial Frontotemporal Lobar Degeneration <i>Dr Howard Rosen</i>		
1015 - 1045	MORNING TEA		
1045 - 1235	PARALLEL SESSION 1.1 - Pyrmont Theatre Platinum Symposium Sponsor: The Bluefield Project - Chairperson: Professor Glenda Halliday	1045 - 1235	PARALLEL SESSION 1.2 - Meeting Rooms C2.2/3 Language - Chairperson: Dr Jonathan Rohrer
1050	Selective vulnerability in frontotemporal dementia and amyotrophic lateral sclerosis: emerging concepts Dr William Seeley, Professor of Neurology and Pathology Director, UCSF Neurodegenerative Disease Brain Bank, UCSF Memory and Aging Center, USA	1050	Re-mapping aphasia classifications: Primary progressive and post-stroke aphasias as graded multidimensional symptom complexes. Professor Matthew Lambon Ralph, Director, MRC Cognition and Brain Sciences Unit, University of Cambridge, UK
1120	Glial pathology, neuronal vulnerability and TDP-43 proteinopathy in FTLD Professor Eric Huang, Department of Pathology, University of California San Francisco, USA	1120	Oral Presentations - Chairperson: Dr Regina Jokel
	Oral Presentations - Chairperson: Dr Anke Dijkstra	1120	Plasticity Of Speech Perception In Primary Progressive Aphasia <i>Dr Chris Hardy</i>

11th International Conference on Frontotemporal Dementias
 11 - 14 November 2018 | International Convention Centre | Sydney, Australia

1150	Thalamo-Cortical Network Hyperconnectivity In Preclinical Progranulin Mutation Carriers <i>Dr Suzee Lee</i>	1135	Immediate And Long-Term Benefits Of Speech-Language Intervention In Primary Progressive Aphasia <i>Dr Maya Henry</i>
1205	Granulins Are The Functional Units Of Progranulin And Are Able To Rescue Lysosomal Deficits In Models Of Progranulin Deficiency <i>Dr Christopher Holler</i>	1150	Evaluating Contributing Factors In Speech Language Therapy Effectiveness For Individuals Living With Primary Progressive Aphasia <i>Dr Emily Rogalski</i>
		1205	Semantic Mechanisms Support The Efficient Processing Of Ambiguous Word Endings <i>Dr Thomas Cope</i>
Data Blitz		Data Blitz	
1220	Trajectories Of Neurodegeneration In The Presymptomatic Stage Of Genetic Frontotemporal Dementia – A Longitudinal MRI Study <i>Mrs Jessica Panman</i>	1220	Altered Connectivity Of The Dorsal Attention Network In Semantic Dementia <i>Dr Jessica Collins</i>
1222	Early And Distinct Perfusion Alterations In Presymptomatic MAPT, GRN And C9ORF72 Mutation Carriers. <i>Dr Corey McMillan</i>	1222	Lost For Words? Evidence For Pervasive Social Communication Dysfunction Across The Frontotemporal Lobar Degeneration Spectrum <i>Associate Professor Muireann Irish</i>
1224	Peripheral Innate Immune Activation Correlates With Disease Severity In GRN Haploinsufficiency <i>Dr Peter Ljubenkov</i>	1224	Functional Language Networks In Primary Progressive Aphasia <i>Dr Giovanni Battistella</i>
1226	Chemical Suppression Of GRN Nonsense Mutations Increases Progranulin In Preclinical Models Of Frontotemporal Dementia <i>Mr Jonathan Frew</i>	1226	tDCS Efficiency For Anomia Affected By Ftd Sub-Type <i>Dr Tyler Carlos Roncero</i>
1228	Mutations In Progranulin Cause Dysregulation Of Ceramide Levels <i>Mr James Doyle</i>	1228	Mywordtrainer – A Usability Pilot Study For App-Based Word Retraining In Semantic Variant Primary Progressive Aphasia <i>Dr Sharon Savage</i>
1235 - 1340	LUNCH & POSTER VIEWING		
1235 - 1340	ISFTD Members Meeting (for members and interested non-members) - Meeting Rooms C2.2/3		
1340 - 1515	PARALLEL SESSION 2.1 - Pyrmont Theatre Bioinformatics - Chairperson: Associate Professor John Kwok	1340 - 1515	PARALLEL SESSION 2.2- Meeting Rooms C2.2/3 International Perspectives on FTD - Chairperson: Professor Murray Grossman
1345	Cloud computing and artificial intelligence transforms FTD research <i>Dr Denis Bauer, Transformational Bioinformatics Team, CSIRO, Australia</i>	1345	Bilingualism and cognitive reserve in Frontotemporal dementia <i>Professor Suvarna Alladi, Professor of Neurology, National Institute of Mental Health and Neuro Sciences, India</i>

11th International Conference on Frontotemporal Dementias
 11 - 14 November 2018 | International Convention Centre | Sydney, Australia

	Oral Presentations - Chairperson: Dr Michael Ward		Oral Presentations - Chairperson: Dr Fiona Kumfor
1415	Cerebrospinal Fluid Neurofilament Light Chain Has A Limited Value In Semantic Dementia <i>Dr Lieke Meeter</i>	1415	Palliative Care In Advanced Stages Of Frontotemporal Dementia And Alzheimer'S Disease <i>Professor Janine Diehl-Schmid</i>
1430	Proteomic Differences Between FTLD-TDP Subtypes <i>Dr Christina Murray</i>	1430	Characterising Spouses' Experience Of The Pre-Diagnostic Phase Of BVFTD: A Grounded Theory <i>Ms Kirrily Rogers</i>
1445	Longitudinal Neurofilament Light Chain In Blood In Genetic Frontotemporal Dementia <i>Ms Emma Van Der Ende</i>	1445	"What Is English?" Striking Loss Of Second Language In Bilingual Patients With Semantic Dementia <i>Dr Ratnavalli Ellajosyula</i>
	Data Blitz		Data Blitz
1500	Individualizing Disease Prediction Across Multiple FTLD Syndromes By Volumetric MRI Analysis & Machine Learning <i>Professor Matthias L Schroeter</i>	1500	MULTIPPA: Prospective Multicenter Study On Multilingualism In Primary Progressive Aphasia <i>Dr Ana Sofia Costa</i>
1502	Pathways Prediction & Risk-Gene Prioritization By Protein-Protein Interaction Network Analysis Of FTD Genes <i>Dr Claudia Manzoni</i>	1502	The FTD Disorders Registry: A Contact And Research Registry To Give Voice To The Patient/Caregiver Community And Advance The Science Of Ftd Research <i>Professor Dianna Wheaton</i>
1504	A Novel Probe Of Functional Network Architecture In Proteinopathies: Spectral DCM In Semantic Dementia <i>Miss Elia Benhamou</i>	1504	Apathy And Its Impact On Carer Burden And Wellbeing In Primary Progressive Aphasias <i>Dr Stephanie Wong</i>
1506	Profiling The Autoantibody Repertoire In FTD And ALS <i>Miss Jennie Olofsson</i>	1506	18F-FDG PET/CT Hypometabolism Patterns Contributes To Characterize bvFTD In a Heterogeneous Phenotypic Spectrum. A Mexican Casuistic. <i>Dr José Alberto Téllez Martínez</i>
1508	Big Data Technologies Enables Distant Relationship And Disease Variant Discovery In ALS <i>Dr Natalie Twine</i>	1508	The Effect Of Stereotypic Behavior On FTLD Patients And Their Caregivers <i>Dr Shunsuke Sato</i>
1515 - 1545	AFTERNOON TEA		

11th International Conference on Frontotemporal Dementias
 11 - 14 November 2018 | International Convention Centre | Sydney, Australia

1545 - 1740	PLENARY SESSION 2 - Pyrmont Theatre Genetics - Chairperson: Professor Emanuele Buratti
1550	Update on Gene Discovery Efforts in Frontotemporal lobar degeneration <i>Dr Rosa Rademakers, Professor of Neuroscience, Mayo Clinic Jacksonville, USA</i>
1620	The International FTD Genomics Consortium (IFGC): an International platform to study and understand frontotemporal dementia <i>Dr Raffaele Ferrari, Alzheimer's Society Junior Research Fellow, University College London, UK</i>
	Oral Presentations - Chairperson: Dr Carol Dobson-Stone
1640	Intermediate C9ORF72 Repeats In Corticobasal Degeneration <i>Dr Edward Lee</i>
1655	Family-Based Analyses Revealed New Genetic Modifiers Of Age At Onset In C9orf72 Frontotemporal Dementia. <i>Dr Mathieu Barbier</i>
1710	Rare Variants In The Neuronal Ceroid Lipofuscinosis Gene MFSD88 Are Risk Factors For Frontotemporal Dementia <i>Professor Jennifer Yokoyama</i>
	Data Blitz
1725	Best Practices For Genetic Counseling And Testing For Alzheimer's Disease And Frontotemporal Dementia Since The Advent Of Next Generation Sequencing <i>Ms Jill Goldman</i>
1727	FUS Aggregation Is Associated With MicroRNA And Gene Expression Modifications In FTLD Brain Tissues. <i>Dr Vincent Anquetil</i>
1729	Genetic Polymorphisms Associated With Cognition And Behavior In Sporadic ALS <i>Ms Katerina Placek</i>
1731	Accelerated Neurochemical Changes Prior To Phenoconversion To Overt FTLD In Presymptomatic MAPT Mutation Carriers: A Longitudinal MRS Study <i>Dr Qin Chen</i>
1733	Cerebral Blood Flow In Regions Showing Pre-Symptomatic Hypoperfusion Is Associated With Memory And Orientation Impairments – A GENFI Study <i>Dr Mario Masellis</i>
1830	ISFTD Reception (by Invitation) Shelbourne Hotel

11th International Conference on Frontotemporal Dementias
11 - 14 November 2018 | International Convention Centre | Sydney, Australia

TUESDAY 13 NOVEMBER 2018			
0715 - 0830	CONFERENCE REGISTRATION		
0715 - 0820	Nutricia Sponsored Breakfast - Meeting Rooms C2.2/3		
	The Potential of Nutritional Approaches to Frontotemporal Dementia Professor John Hodges, Professor of Cognitive Neurology, University of Sydney, Australia		
0830 - 0905	PLENARY SESSION 3 - Pyrmont Theatre - Chairpersons: Melissa Kettle and Professor Olivier Piguet		
0830 - 0840	Opening and Ministerial Welcome Address - The Hon Brad Hazzard MP, Minister for Health and Minister for Medical Research Member for Wakehurst		
0840 - 0845	NHMRC National Institute Dementia Research hosted session Consumer Priorities for FTD Programs and Research Ms Melissa Kettle, Cognition Nurse Consultant, Eastern Cognitive Disorders Clinic, Melbourne		
0845 - 0855	Personal stories and reflections on priorities Helen James and Alexander Danzeisen		
0910 - 1045	PARALLEL SESSION 3.1 - Pyrmont Theatre Animal Models - Chairperson: Professor Stuart Pickering-Brown	0910 - 1045	PARALLEL SESSION 3.2 - CARERS DAY - Meeting Rooms C2.2/3 FTD Overview - Chairperson: Melissa Kettle
0910	Molecular roles of tau in dementia Professor Lars Ittner, Head, Dementia Research Unit, University of New South Wales, Australia	0910	An overview of Frontotemporal dementia: Professor John Hodges, Professor of Cognitive Neurology, University of Sydney, Australia
		0930	Neuropathology in frontotemporal dementia (FTD): Professor Glenda Halliday, University of Sydney, Australia
0940	Oral Presentations - Chairperson: Dr Edward Lee	0950	Frontotemporal Dementia in the Genetics Clinic - What the Carer needs to know: Dr Aamira Huq, Clinical Geneticist, University of Melbourne
0940	Antibody-Mediated Restoration Of Progranulin Levels Is Protective In An Animal Model Of Frontotemporal Dementia Dr Michael Kurnellas		
0955	Network Analysis Of The Brain Proteome Of GRN Knockout Mice And Human FTD-GRN Reveals Common Pathogenic Pathways Associate Professor Thomas Kukar	1010	FTD Research and Treatment Trial Updates: Professor Brad Boeve, Professor of Neurology, Mayo Clinic, USA
1010	Cell Autonomous Lysosomal Deficiency In Microglia Of Progranulin Knockout Mice Dr Anja Capell	1030	Greg Kelly "Kell's Ride for the Future" for FTD Awareness
Data Blitz			
1025	Suppression Of Conditional TDP-43 Transgene Expression Differentially Affects Early Cognitive And Social Phenotypes In TDP-43 Mice Dr Lionel M. Igaz		
1027	Ursadeoxycholic Acid Reduces Memory Impairments And Phosphorylated Tau Pathology In A Murine Model Of FTDP-17 Dr Joseph Quinn		

11th International Conference on Frontotemporal Dementias
 11 - 14 November 2018 | International Convention Centre | Sydney, Australia

1029	SM07883, A Novel, Potent, And Selective Oral DYRK1A Inhibitor Reduced Tau Pathology In Preclinical Models <i>Dr Beniot Melchior</i>		
1030 - 1115	MORNING TEA		
1115 - 1245	PARALLEL SESSION 4.1 - Pyrmont Theatre Neuropathology - Chairperson: Professor Jilian Kril	1115 -1245	PARALLEL SESSION 4.2 - CARERS DAY- Meeting Rooms C2.2/3 Responding to the Impacts of FTD - Chairperson: Melissa Kettle
1120	Novel concepts and aspects of tauopathies Professor Gabor Kovacs , Associate Professor, Medical University of Vienna, Austria	1120	Behavioural Changes: Supporting Quality of Life through the Tailored Activity Program (TAP) and Positive Behavioural Support Dr Claire O'Connor , Occupational Therapist Hammond Care
1150	Oral Presentations - Chairperson: Dr Shelley Forrest	1140	Speech & Language Changes: Cathleen Taylor-Rubin - Senior Speech Pathologist, War Memorial Hospital, Australia
1150	Morphological Features of Neuronal And Glial Tau Pathology in GGT (Types II and III) <i>Dr Hidetomo Tanaka</i>	1200	Motor Symptoms: Professor Martin Turner , Consultant Neurologist, Oxford University, UK
1205	Novel Antibodies Reveal Presynaptic Localization Of C9orf72 Protein And Reduced Protein Levels In C9orf72 Mutation Carriers <i>Professor Manuela Neumann</i>		
1220	Glia Involvement In Tau-Related Neurodegeneration <i>Professor Maria Grazia Spillantini</i>	1240	Advanced Care Planning, Grief & Bereavement: Dr Kirrily Rogers , Clinical Neuropsychologist & Melissa Kettle , Cognition Nurse Consultant, Eastern Cognitive Disorders Clinic
Data Blitz			
1235	Distinct TDP-43 Inclusion Morphologies In FTLD And FTLD-ALS Contest The Theory Of A Disease Continuum <i>Dr Rachel Tan</i>		
1237	Novel Neuronal Intranuclear Inclusion Disease Subtype With Frontotemporal Dementia-Like Features <i>Dr Anke Dijkstra</i>		
1239	Quantification Of Neurons In Inferior Frontal Gyrus In Patients With Frontotemporal Lobar Degeneration <i>Dr Sanne Simone Kaalund</i>		
1241	Does TDP-43 Pathology Cause Axon Traffic Problems? <i>Mrs Rachel Atkinson</i>		
1243	Primary Age Related Tauopathy (PART) Is Important Pathology Of Supercentenarian Brains <i>Professor Masaki Takao</i>		

11th International Conference on Frontotemporal Dementias
11 - 14 November 2018 | International Convention Centre | Sydney, Australia

1245 - 1355		LUNCH, POSTER VIEWING & EXHIBITION	
1355 - 1545	PARALLEL SESSION 5.1 - Pyrmont Theatre Imaging - Chairperson: Dr Kate Rankin	1355 - 1545	PARALLEL SESSION 5.2 - CARERS DAY- Meeting Rooms C2.2/3 FTD Research, Advocacy and Support - Chairperson: Melissa Kettle
1400	Multimodal neuroimaging to understand network disruption specificity in Alzheimer's disease versus Semantic Dementia Dr Gaël Chételat <i>Research Director, Inserm, France</i>	1400	Building an International FTD Community: Susan Dickinson , <i>Chief Executive Officer, The Association for Frontotemporal Degeneration (AFTD), USA</i>
	Oral Presentations - Chairperson: Dr Lucas Sedeño	1410	International FTD Registry Update: Dianna Wheaton , <i>Director FTD Disorders Registry, LLC, USA</i>
1430	Progressive Medial Temporal Subnuclei Involvement In Semantic Dementia <i>Dr Martina Bocchetta</i>		
1445	Longitudinal Multimodal MR Imaging As Prognostic And Diagnostic Biomarker In Presymptomatic Familial Frontotemporal Dementia <i>Ms Lize Jiskoot</i>	1430	World FTD United Updates: Helen-Ann Comstock , <i>AFTD and World FTD United Founder</i> and Dr Tracey Wardill , <i>Melbourne Neuropsychology Services</i>
1500	The Tau Ligand 18F-AV-1451 In TDP-43 Associated Frontotemporal Dementia <i>Dr Alexander Santillo</i>		
1515	GABAergic Modulation Of Cortical Network Oscillations Underlying Action Control In Frontotemporal Dementia <i>Dr James Rowe</i>	1440	Neuropsychiatric Symptoms in bvFTD versus Alzheimer's: A summary of Six Abstracts Dr Mario Mendez , <i>University of California</i>
	Data Blitz		
1530	Cerebellar White Matter Changes And Their Contributions To Cognitive Dysfunction In Frontotemporal Dementias <i>Ms Yu Chen</i>	1450	Characterising Spouses experiences of the pre-diagnostic phase of FTD Dr Kirrily Rogers , <i>Clinical Neuropsychologist, University of Melbourne and Eastern Cognitive Disorders Clinic</i>
			Overview of the Australian FTD /Dementia Support Services System

11th International Conference on Frontotemporal Dementias
 11 - 14 November 2018 | International Convention Centre | Sydney, Australia

1532	Co-Localisation Of Neuroinflammation And Protein Aggregation Across The Frontotemporal Dementia Spectrum <i>Dr William Bevan-Jones</i>	1500	NDIS, My Aged Care, PSP Australia and Carer Gateway: Melissa Kettle , <i>Cognition Nurse Consultant, Eastern Cognitive Disorders Clinic (Melbourne)</i>
1534	Cognitive, Behavioural And Structural Brain Changes In Non-Progressive Behavioural Variant Frontotemporal Dementia <i>Dr Ramon Landin-Romero</i>	1510	Dementia Australia and the Young Onset Dementia Key Worker Program: Susan McCarthy , <i>Executive Director-Client Services, Dementia Australia</i>
1536	Reduced BOLD Signal In Anterior Cingulate Cortex And Anterior Insula In Behavioral Variant Frontotemporal Dementia When Viewing Images Of Hands In Painful Situations <i>Dr Olof Lindberg</i>	1520	Dementia Support Australia - Tailored and Personal Advice: Dr Melissa Abela & Mr Adrian Vernon , <i>Dementia Support Australia, HammondCare</i>
1538	Body Composition In Frontotemporal Dementia: Where Reward Interacts With Physiological Functioning <i>Dr Rebekah Ahmed</i>	1530	MND Australia: Carol Birks , <i>CEO, MND Australia</i>
		1540	Australian FTD Association - The Next Chapter: Ian McRae, Director Australian FTD Association AFTDA and Maree McCabe, CEO Dementia Australia
		1550	Questions
1545 - 1615	AFTERNOON TEA		
1615 - 1655	PLENARY SESSION 4 - Pyrmont Theatre ISFTD Presidential Address - Chairperson: Dr Marsel Mesulam		
1620	Curing Dementia: From Basic Science to Global Health Dr Bruce Miller , <i>Director UCSF, Memory and Aging Center, USA</i>		
1655	Close Day 2	1655	Close Carers Day
1900 - 2300	CONFERENCE DINNER Luna Park Sydney		

11th International Conference on Frontotemporal Dementias
11 - 14 November 2018 | International Convention Centre | Sydney, Australia

WEDNESDAY 14 NOVEMBER 2018	
0800 - 0830	CONFERENCE REGISTRATION
0830 - 1105	PLENARY SESSION 5 - Pyrmont Theatre Biomarkers and Therapeutics - Chairperson: Dr Howard Feldman
0830	Welcome to the day Progress and Challenges in FTLD Clinical Trials
0835	Professor Adam Boxer , <i>Endowed Professor In Memory and Aging, University of California, San Francisco, USA</i>
0905	Biomarkers for clinical trials in FTD Associate Professor Amy Brodtmann , <i>Co-theme Head, Dementia, Florey Institute for Neuroscience and Mental Health, Australia</i>
Oral Presentations - Chairperson: Dr Lieke Meeter	
0935	Scanning Ultrasound As A Novel Treatment Modality For Tauopathies <i>Professor Jürgen Götz</i>
0950	Semantic Dementia: 18F-AV-1451 And Neuroinflammation PET <i>Professor Belen Pascual</i>
1005	Role Of Cerebrospinal Neurofilament Light In The Borderland Of Early-Onset Neuropsychiatric Disorders <i>Dr Dhamidhu Eratne</i>
1020	Cerebrospinal Fluid Microglia-Derived Biomarkers In Familial Frontotemporal Dementia: Results From The GENFI Study <i>Dr Ione Woollacott</i>
1035	The Investigational Stereopure Antisense Oligonucleotide WVE-3972-01 Preferentially Reduces G4C2 Repeat-Containing C9ORF72 Transcripts: A Potential Therapeutic Approach For The Treatment Of Frontotemporal Dementia <i>Dr Serena Hung</i>
Data Blitz	
1050	CSF Biomarkers Predict Trajectory In Frontotemporal Dementia Variants <i>Dr Peter Ljubenkov</i>
1052	Comparison Of Automated Brain Segmentation Tools In FTD: Implications For Imaging Biomarker Choice In Clinical Trials <i>Mrs Elizabeth Gordon</i>
1054	GENFI-COG Developing A Cognitive Composite Score For Presymptomatic Genetic FTD Therapeutic Trials <i>Mrs Katrina Moore</i>
1056	A Phase 1b Open Labelled Study Of Sodium Selenate As A Disease Modifying Treatment For Possible Behavioural Variant Fronto-Temporal Dementia <i>Dr Lucy Vivash</i>
1058	CSF, NFL, TAU And Aβ42 As Measures Of Disease Severity And Predictors Of Cognitive Decline In Young-Onset Dementia <i>Mr Nirbaanjot Walia</i>
1105 - 1135	MORNING TEA
1135 - 1310	PARALLEL SESSION 6.1 - Pyrmont Theatre Neuropsychiatry - Chairperson: Professor Janine Diehl-Schmid
1135 - 1310	PARALLEL SESSION 6.2 - Meeting Rooms C2.2/3 Motor neuron disease and movement disorders - Chairperson: Professor Martin Turner

11th International Conference on Frontotemporal Dementias
 11 - 14 November 2018 | International Convention Centre | Sydney, Australia

1140	A neuropsychiatric approach of FTD <i>Dr Yolande Pijnenburg, Alzheimer Center Amsterdam, Amsterdam University Medical Center, Amsterdam Neuroscience, Amsterdam, The Netherlands</i>	1140	Motor neurodegeneration and frontotemporal dementia <i>Professor Matthew Kiernan, Bushell Chair of Neurology, University of Sydney, Australia</i>
	Oral Presentations - Chairperson: Dr Thomas Cope		Oral Presentations - Chairperson: Dr Leah Forsberg
1210	The Nature Of Compulsive-Like Behaviors In Behavioral Variant Frontotemporal Dementia <i>Dr Mario Mendez</i>	1210	DTI-Based Analysis Strategy To Support The Early Diagnosis Of Progressive Supranuclear Palsy At The Single-Subject Level <i>Dr Nicola Spotorno</i>
1225	Enhancing Social And Neuropsychiatric Functioning In Frontotemporal Dementia: Neural And Behavioural Effects Of Oxytocin And Emotional Imitation <i>Dr Lindsay Oliver</i>	1225	Neuropathological Substrates Of Structural And Functional Imaging Biomarkers In Progressive Supranuclear Palsy And Corticobasal Degeneration <i>Dr Salvatore Spina</i>
1240	C9ORF72 Kindreds And Major Psychiatric Disorders: A Study Of 1,414 Family Members <i>Dr Emma Devenney</i>	1240	A Phase 1B, Randomized, Double-Blind, Placebo-Controlled, Sequential Cohort, Dose-Ranging Study Of The Safety, Tolerability, Pharmacokinetics, Pharmacodynamics, And Preliminary Efficacy Of TPI 287 (Abeotaxane) In Patients With Primary Four Repeat Tauopathies: Corticobasal Syndrome Or Progressive Supranuclear Palsy; Or The Secondary Tauopathy, Alzheimer'S Disease. <i>Dr Richard Tsai</i>
	Data Blitz		Data Blitz
1255	What Is Apathy In Frontotemporal Dementias? <i>Professor Richard Levy</i>	1255	Distinct RNA Metabolism In FTLD And ALS Phenotypes In Frontal And Occipital Cortices <i>Dr Vincent Anquetil</i>
1257	Disease Trajectories In Behavioural Variant Frontotemporal Dementia, Primary Psychiatric And Other Neurodegenerative Disorders Presenting With Behavioural Change <i>Ms Lianne Reus</i>	1257	Language Impairments In FTD-MND <i>Miss Zhe Long</i>
1259	Contribution Of White Matter Hyperintensities On T2-Weighted Images To Neuropsychiatric Manifestations Of Alzheimer'S Disease And Frontotemporal Lobar Degeneration <i>Dr Mario Masellis</i>	1259	Mechanisms of psychosis and psychosis-risk in motor neurone disease and frontotemporal dementia with motor neurone disease Mechanisms of psychosis and psychosis-risk in motor neurone disease and frontotemporal dementia with motor neurone disease <i>Ms Alicia Wilcox</i>
1301	Neuropsychiatric Phenotype During The Life Course Of bvFTD Patients With The C9orf72 Mutation <i>Dr Annemiek Dols</i>	1301	The Spectrum Of Language Impairments In Amyotrophic Lateral Sclerosis <i>Ms Amelia Ceslis</i>

11th International Conference on Frontotemporal Dementias
11 - 14 November 2018 | International Convention Centre | Sydney, Australia

1303	Multidimensional Apathy Profiles In Frontotemporal Dementia And Alzheimer'S Disease: Considering The Role Of Disease Course <i>Ms Grace Wei</i>	1303	Neuropathology And Pathogenesis Of Early Onset Amyotrophic Lateral Sclerosis Associated With A TARDBP S375G Variant Prof Emanuele Buratti
1310 - 1410	LUNCH & POSTER VIEWING		
1410 - 1545	PARALLEL SESSION 7.1 - Pyrmont Theatre Basic Science - Chairperson: Professor Manuela Neumann	1410 - 1545	PARALLEL SESSION 7.2- Meeting Rooms C2.2/3 Social Cognition - Chairperson: Professor Florence Pasquier
1415	Microglial dysfunction in FTD Professor Christian Haass, Ludwig-Maximilians-University Munich & German Center for Neurodegenerative Diseases (DZNE), Munich	1415	Reward processing dysfunction and behavioral changes in FTD Dr David Perry, Assistant Professor of Neurology, UCSF Memory and Aging Center, USA
	Oral Presentations - Chairperson: Dr Natalie Twine		Oral Presentations - Chairperson: Dr Chris Hardy
1445	Identification And Characterization Of Specific hnRNP-Controlled Transcripts To Rescue TDP-43 Toxicity In Cells. <i>Professor Emanuele Buratti</i>	1445	The Physiology Of Empathy In FTD: Autonomic Markers And Functional Neuroanatomy <i>Dr Charles Marshall</i>
1500	Selective Vulnerability Of A Novel GABRQ-Expressing Population In The Anterior Cingulate Cortex In Frontotemporal Dementia <i>Ms Priya Gami-Patel</i>	1500	Novel Eye Tracking Tasks Assess Emotion Processing In Individuals With Behavioural Variant Frontotemporal Dementia <i>Miss Lucy Russell</i>
1515	Plasma Neurofilament Light Chain Predicts Disease Progression In Genetic Frontotemporal Dementia <i>Dr Julio Rojas</i>	1515	Facial Mimicry And Arousal In Frontotemporal Dementia: Phenotypic Profiles And Neural Correlates <i>Dr Fiona Kumfor</i>
	Data Blitz		Data Blitz
1530	Progranulin Mediates Endolysosomal Recruitment Of The Rnp-Associated Protein ANXA11 <i>Dr Michael Ward</i>	1530	A Meta-Analysis Of Neuropsychological, Social Cognitive, And Olfactory Measurements For The Behavioral And Language Variants Of Frontotemporal Dementia <i>Associate Professor Chiadi Onyike</i>
1532	Lysosomal Changes Characterizing Frontotemporal Dementia <i>Dr Marta Del Campo</i>	1532	Impaired Mental Simulation In The Behavioural Variant Of Frontotemporal Dementia: A Novel Cognitive Mechanism Underlying Social Dysfunction? <i>Ms Nikki-Anne Wilson</i>
1534	Cytoplasmic TDP-43 Alters Solubility, Abundance And Localisation Of Numerous Proteins In Neurons With FTD Pathology <i>Dr Adam Walker</i>	1534	Social Interactions In Frontotemporal Dementia And Alzheimer'S Disease: A Systematic Video Analysis Of Non-Scripted Conversations. <i>Dr Mandy Visser</i>
1536	TDP-43 Enrichment Using High Affinity RNA Aptamers <i>Dr Mari DeMarco</i>	1536	Distinct Facial Scanning Patterns In Right- And Left-Lateralized Semantic Dementia <i>Ms Rosalind Hutchings</i>

11th International Conference on Frontotemporal Dementias
 11 - 14 November 2018 | International Convention Centre | Sydney, Australia

1538		1538	Presymptomatic Impairment Of Social Behaviour In MAPT Mutation Carriers Within The GENFI Cohort <i>Ms Mollie Neason</i>
1545 - 1615	AFTERNOON TEA		
1615 - 1730	PLENARY SESSION 6 - LATE BREAKING PAPERS - <i>Pyrmont Theatre</i> - Chairperson: Professor Maria Grazia Spillantini		
1620 - 1635	Clinicopathological comparisons of FTLD due to GRN or C9ORF72 mutations suggest greater microglial dysfunction in FTLD-GRN <i>Dr Dennis Dickson, Professor, Mayo Clinic</i>		
1635 - 1650	Peripheral Monitoring of Neurodegeneration in Frontotemporal Dementia and Health Controls using Cell-Free DNA Methylation <i>Zac Chatterton, Postdoctoral Fellow, Sydney University</i>		
1650 - 1705	Structures of Filaments from Pick Disease Reveal a Novel TAU Protein Fold <i>Professor Bernardino Ghetti, Indiana University School of Medicine</i>		
1705 - 1720	Selective Loss of Cortical Cholinergic Innervation in Primary Progressive Aphasia (PPA) Caused by Alzheimer's Disease (AD) but not FTLD-TAU or FTLD-TDP: Justification For Multicenter Trials of Cholinesterase Inhibitors in PPA Patients with AD Biomarkers <i>Dr Marsel Mesulam, Director, Northwestern University CNADC</i>		
1720 - 1730	Prize Ceremony and Closing Remarks
