

PARAMEDICAL WORKSHOP

EPIDERMAL RESURFACING TECHNIQUES

Marriott Resort & Spa, Surfers Paradise, QLD | 22 – 23 September 2012

Running concurrently with the **8th National Laser & Cosmetic Medicine Conference**

This course is developed as an introduction to the clinical practice of dermal therapies used to resurface the epidermis, specifically clinical microdermabrasion, superficial chemical peeling and skin needling. Lectures focus on the application of dermal therapies within a cosmetic medical setting.

The two-day course covers the Nationally Accredited Unit 1.1A *Epidermal Resurfacing Techniques* and HLTCOM406B *Make Referrals to Other Health Care Professionals When Appropriate*. These units form part of Nationally Accredited and industry recognised qualifications in Dermal Science.

Suitable For:

The course is developed for nurses, beauty therapists, paramedical aestheticians or anyone considering a career in dermal therapies or cosmetic nursing.

Course Awards:

All attendees will receive a certificate of attendance. Attendees who choose to complete the associated assessments will be awarded with a Nationally Recognised Statement of Attainment and credit into any of the following courses:

- *Advanced Diploma of Cosmetic Dermal Science (52320)*
- *Vocational Graduate Certificate in Dermal Therapies (52356)*
- *Vocational Graduate Certificate in Cosmetic Nursing (51987)*

For further information on above qualifications, please visit www.aacds.edu.au

Presenters

The course is delivered by the Australasian Academy of Cosmetic Dermal Science (AACDS) and GrayClay Medical Aesthetics Education. AACDS is a Registered Training Organisation, which has been delivering award-winning education in the field of dermal health and cosmetic nursing since 2004. For more information about AACDS, please visit www.aacds.edu.au. GrayClay is considered the premier college in Queensland providing excellence in medical aesthetics education, GrayClay is an exclusive licensee of AACDS curriculum.

Course Fee

Early Bird Fee (before 11 August 2012) = \$650

Regular Fee (after 11 August 2012) = \$700

(Course fees include a course manual, DVD, certificate, all refreshments and access to the industry exhibition)
