On behalf of the organising committee I would like to invite you to join us in Sydney from 17-20 September 2013 at the AFRM 21st Annual Scientific meeting.

We've used our theme 'Time to Move' as a launchpad to develop an interesting and challenging programme exploring various aspects of 'movement' and rehabilitation.

Of course in addition to the scientific programme and workshops, there will be opportunities to catch up with old friends and meet new friends and to experience the local sights, sounds and tastes of the Harbour city. Sydney is always fabulous but in Spring it shines.

I look forward to seeing you in September.

Dr Jennifer Mann

ASM Convenor
