Plus much more!

INVITATION

On behalf of the Rehabilitation Medicine Society of Australia and New Zealand (RMSANZ) and the Scientific Meeting Organising Committee I extend a warm invitation to all rehabilitation physicians, allied health professionals and other colleagues to attend the 2016 RMSANZ 1st ASM, in conjunction with AFRM (RACP), to be held from 16 - 19 October 2016 at the Crown Promenade, Melbourne.

The conference theme is **Change, Challenge and Opportunity** and we have a great line up of international speakers and local experts to explore the roles and identity of a rehabilitation physician at the national level, international arena and from a global perspective.

We will continue the AFRM tradition of Burniston and Norington orations and pre-conference supervisors workshops. Other planned workshops include botulinum toxin for the management of spasticity.

The conference venue is right in the centre of beautiful Melbourne South Bank and within walking distance of the Docklands restaurant and shopping precinct. Don't miss this opportunity to share knowledge and catch up. We look forward to seeing you there.

Dr Clive Sun, Conference Convenor
