

WFNR Special Interest Group in Neuropsychological Rehabilitation (SIG-NR)
and
Annual General Meeting
to be held at the 7th World Congress for NeuroRehabilitation, Melbourne, Australia
at 12:30pm on Thursday 17 May, 2012

The SIG-NR program at the Melbourne WCNR will comprise two parts. First brief presentations on recent developments in neuropsychological rehabilitation will be made by the chair of the SIG, Professor Barbara Wilson, UK, followed by Professor James Malec, USA, and Professor Robyn Tate, Australia. This will then be followed by the AGM of the SIG, as per the agenda below.

Presentations:

Barbara A Wilson: The past, present and future of neuropsychological rehabilitation

James F Malec: The Linked-In interest group

Robyn L Tate: Update on PsycBITE's evidence for effectiveness of neuropsychological rehabilitation

Agenda for AGM:

1. Apologies
2. Welcome, history of the SIG-NR and report on activities since 2010 WFNR meeting, Vienna, Austria (Barbara Wilson)
3. Minutes of the 2011 AGM (July, 2011; Rotorua, New Zealand)
4. Financial report (James Malec)
5. Report from Working Party on Outcome Measures (Caroline van Heugten)
6. Report from Working Party on Cyber Community (Michael Perdices)
7. Future SIG meetings:
 - 2012 satellite to mid-year meeting of the International Neuropsychological Society in Norway
 - 2013 Maastrich, The Netherlands
8. Other business
9. Next meeting
